YOEMEN OPEN CONFERENCE PLAY

Veteran Oil Man Returns to Duties in Business He Served 26 Years; Recovered From Illness

Friends throughout this section will Company throughout this section will be greatly pleased to know that W. B. Skelton, who has been ill for several months, has returned to the oil business and is now on the streets of Cameron and making the rounds of friends and associates.

Mr. Skelton will celebrate on December 13, this year his 26th year in the oil business. With the exception of the time he spent in the service of his country in the world war army of the United States and a short time selling automobiles in Cameron, he has spent all of his active public life in the oil business.

On December 13, 1913, four years before the United States Government entered the world war, Mr. Skelton began his service as an oil man. Discussing his early experience which began more than a quarter-century ago, Mr. Skelton said that when he first began selling gasoline, it was packed in cases of two five-gallon cans each and labelled stove gasoline. "Not many local men in the oil business can go back much further than that," said Mr. Skelton.

Mr. Skelton was at one time secretary of the Cameron Chamber of Commerce and has been a civic leader here for the past twenty years. One of his major contributions to service in the community was the work the famous Yoe High School Band through the Band Parents Association, being a former president.

W. B. SKELTON

Mr. Skelton says he is improving rapidly and is glad to be back again with his friends and customers he has served so long.

STALIN AND HITLER TO FORGE ARMS ALLIANCE

Adolf Hitler was believed today to be rapidly approaching the point of announcing to the world a military alliance with Russia and other Nazi successes in the diplomatic field leading European observers to be that the war within the next 48 hours would become decidedly unfavorable for England and France.

Mussolini and the Italian government could not as yet be seen officially in the picture and there was growing belief that Hitler had given up all hopes of obtaining aid from Mussolini and had turned his eyes to Moscow for an alliance that would bring Red Russia's man power and natural resources to the aid of Germany with Hitler and Stalin dividing up the world between them.

Turkey already in a military alliance with France, was believed to be involved in negotiations now well advanced in Mocow looking to a possible solution of the entire Baltic question and there was growing indications that Russia would strike along the Baltic for complete subjugation of these small states. No word of any kind had come from Moscow and there was no indication of what the world might expect from the dictators.

Pope Pius has asked Hitler to restore Poland and the Polish people to their independence and in addition said that he would like to see peace between the warring nations based on honor for all. The Holy Father was said by radio broadcast to have sharply criticized Russia for her invasion of Poland.

French artillery west of Saarebruecken on the western front was described by observers to resemble an ocean of flame and Germans were being forced to retreat from positions they had held for some time along the western front. Saarebruecken is a city of approximately 130,000 people and has already fallen into the hands of the French.

Lagrippe, a winter ailment had swept into the French army as well as the German, it was reported today.

Theatre Bill Brings Week of High Lights

Beginning today and lasting through Friday night, the Cameron Theatre offers for its feature attraction, "In Name Only" with Carole Lombard and Cary Grant. Beginning Saturday afternoon, "Naughty But Nice" featuring Dick Powell and Ann Sheridan will be shown at the Cameron Theatre. The preview picture for Saturday night is "They Made Her A Spy" with Sally Eilers and Allan Lane.

The Milam Theatre, favorite of many movie goers, features on Friday and Saturday, "Mexicali Rose" with Gene Autry, favorite cowboy singer of thousands who hear him over the air and listen to his recordings as well as see and hear him on the screen. On Sunday and Monday "St. Louis Blues" will be shown at the Milam. Starring in this, one of the hit pictures of the year, is Dorothy Lamour and Lloyd Nolan.

New 1940 Dodge On Display at Sapp Motor Company

The new 1940 Dodge, a four door sedan from the much talked of Luxury Liner triumph, is now on display in the show rooms of the Sapp Motor Company.

John Sapp, owner of the Dodge and Plymouth agency in Cameron, announced today he had received the new car which was being placed in readiness for display beginning this afternoon.

The new Dodge represents the most advanced design, luxury, beauty and values yet incorporated in the famous line which for years has been a standard of comparison in the automobile world. The new car incorporates modern features never before offered in an automobile.

ROCKDALE TIGERS COMING FRIDAY

The magic hour for thousands will arrive with color, hope and speculation at 8:30 on Friday night when the Cameron Yoemen play the opening game of their conference schedule against Rockdale at Yomen Field.

The Yoemen, believed by local observers to be as low down the ladder as possible to be unless a hole could be dug for another rung, floundered badly in the take-off Friday night against Caldwell but managed to outplay their opponents and but for a couple of buttered fingers might have won the game 6 to 0.

Coach Carol Wood said the other day he had been coaching for 20 years and had been on the spot at the beginning of every season and the dismal prospects confronting the team this year is nothing new in his life.

Your bum reporter who knows more about doping badminton than he does forecasting what is going to happen to the Cameron Yoemen, went out the other day to watch the men go through the paces in a very hot sun.

Coach Wood who has been in a hospital, confessed he would not be able to play Friday night and would have to depend on the team to a large extent.

One of the encouraging developments of the week is a slight shakeup in the back field with Robert Masopust, returning letter man who played end in 1938, being switched in the tail back position. He was showing lot of drive and Coach Wood may have found a solution for any breakdown in the back field such as that which occurred on last Friday night when Lucas, either exhausted or beaten, asked that he be relieved.

On the eve of the first conference game, the big question mark hanging over the dog house at Yoemen Field is whether Lucas has yet had his full share of conditioning and whether he will be in shape to go the full sixty minutes of play on Friday night.

Coach Wood was well pleased with the work-out and believes he may have found a better combination all around and in the event Lucas develops butter fingers or otherwise fails to deliver, Masopust may get in the limelight, it was believed.

Lucas is known to posses unusual ability but nobody seems to be able to figure out why he faltered so badly in the Caldwell game. It will also be recalled that Lucas fumbling the ball in the 1938 game against Belton late in the fourth quarter, lost the game when Belton penetrated the twenty yard line. Is Pie fundamentally a fumbler or will he get the butter off his fingers and live up to expectations?

Rockdale divested of the great Ted Weems and other stars who graduated last year, made a better showing against Caldwell than Cameron so far as scores are concerned because it was a 7 to 6 game although the Tigers lost.

Much depends on the opening game. There was evidence to show the Yoemen are improving and football fans can depend on indications which point to the best game of the year.

ROCKDALE CITIZENS WANT LOWER LIGHT-POWER RATE

Power and Light rates and the question of municipal ownership of public utilities seem destined to become a live issue again in Milam county. Citizens of Rockdale were making preparations to launch a movement to acquire their own light and power utilities or enforce reductions in rates now being charged by the Texas Power & Light Company, it was learned Thursday by the Cameron Herald.

For ten years in the City of Cameron the utility question served as a vehicle in five city campaigns. The agitation finally resulted in the voting of bonds for the purchase of the water works system but little progress was ever made regarding the light and power utilities.

Having watched these developments over a period of years, the Herald is presenting the developments in Rockdale as a matter of news and is reliably informed that the movement in that city is deep-seated and organization is being perfected to place in operation utilities publicly owned.

An investigation discloses that recent increases in light and power bills were primarily responsible for the present limited upheavel. The City of Cameron at one time signed for a power line from the Colorado River Authority. Adjoining Rockdale on the southesat is Lee county, one of 17 counties in which utilities were purchased by the United States government from the Texas Power & Light Company, paying $5,000,000 for these properties.

It was known that the citizens in Rockdale were investigating the possibility of tapping the Colorado Authority supply. It was also thought that the Texas Power & Light Company may have some arrangement with the government whreby no extensions can be made in counties where they operate.

The most likely development, it was said here Thursday morning, was that private capital might become interested to the extent of building a power plant in Rockdale. So far there has been no information on the attitude of the Rockdale city government. The utility question, thought to have been defintely placed in the background, has now come to the fore and it remains to be seen whether Rockdale succeeds where Cameron failed utterly in its campaign to acquire or to own such properties.

THE ROAD TO TOMORROW

There's a ribbon of pavement leading away,
And it leads to the land of tomorrow,
It lifts o're the hills and drops to the vales
And always it's promise, tomorrow.

* * *

It tells wonderful tales of beautful sights,
In the land of the tomorrow,
And we fill up our "kit bag" and take to the road,
In our search for the land of tomorrow.

* * *

And ever the road leads on and away,
And we're lured by the promise, tomorrow,
And we're prommised some wonderful, wonderful sights,
Only wait until tomorrow.

* * *

We miss all the beauties along the road,
So intent are our minds on tomorrow,
And I think at best a siren is she,
The land of the tomorrow.

Pension Bubble Busted; Old Folks are Again Scuttled

The $6 reduction in pension checks for aged citizens of Texas made by the State Department of Public Welfare on last Friday will affect 1166 aged people in Milam county who receive a check each month, the total loss in all checks for this county amounting to $6,996.

There are 18 aged citiens in the county who will receive nothing since the new ruling was made. These 18 persons have been receiving $6 each per month. There are 28 who will receive only $1, 88 who will receive $2, 91 who will receive $3, 141 who will receive $4 and 97 who will receive $5. This number, 463, will suffer most from the pension cut as they were receiving the minimum payments before the cut was made.

The reduction cuts the value of pension checks for this county from $14,909 to $7,913.

Nominations Are Made For Band Sweetheart

Thirteen beautiful girls, all popular in their respective communities are on the list of nominees for band sweetheart for 1939-40.

In selecting a sweetheart for Yoe High School's famous band, people of this vicinity are mainfesting their annual interest in the popular choice of the girl who will occupy this enviable position for one year.

Mrs. L. F. Gohmert, member of the Band Parents Association, and director of the sweetheart popularity contest, released for publication late Monday a list of nominees.

Mrs. Gohmert said that ballot boxes would be placed at the Ad Hall school, at Hugo's place in Ben Arnold, and in the post office at Buckholts to accomodate people in those sections where girls have been nominated.

In the city of Cameron, ballot boxes will be placed at Palace of Sweets, New Cameron Drug Company and Laake's Drug Store in Santa Fe Town.

Tickets will be sold the same as last year, each ticket calling for a specified number of votes.

SHARP SCHOOL APPEALS TO OFFICIALS IN EFFORT TO OBTAIN PWA FUNDS

Sharp school authorities have appealed to Senator Tom Connally and Congressman W. R. Poage in an effort to obtain PWA funds for the rebuilding of the Sharp high school building which was destroyed by fire shortly before it was to have been dedicated.

J. E. Johnson, local architect who drew the plans for the new school building, said Thursday that it was felt the school district would receive federal funds in the amount of some $25,000 which they applied for to replace the building in its original plan. The building was insured for $40,000 a check for which amount has already been received. In the meantime students are attending school in the old school building located directly back of the new building.

MULE DIGS POTATOES; TWO RELIABLE MEN SAY THEY SAW ANIMAL DIGGING AND EATING

A mule on the Roy Terry farm digs and eats sweet potatoes.

C. R. Isaacs, county auditor and Fatty Balhorn of the Southern Pacific Lines go home each day, both living in Rockdale. They are perfectly reliable men and although this story may put some strain on the good estimate in which their veracity is held, the county auditor told a representative of the Daily Herald today that he saw the mule digging the potatoes.

It seems Mr. Terry had turned cows in on his potato acreage to eat the vines away before he digs the potatoes. "As we drove along the farm," said Mr. Isaacs, "I saw the mule pawing the ground and digging his hoof into the potato bed. A moment later I saw him reach down, pick up the potato and start eating it."

Bob Ripley can use this one and somebody may get five dollars for it Believe it or not, Milam county has a mule that digs and eats sweet potatoes.

FORMER CAMERON WOMAN DIES IN DALLAS

Funeral services were held Friday at 4 p. m. at the Weilend Funeral Church in Dallas for Mrs. Myrtle McClure, 60, who died at her home in Dallas on Wednesday, Sept. 21. Rev. F. M. Curry officiated at the service and interment was made in Hillcrest Memorial Park.

Mrs. McClure is survived by her husband, John N. McClure of Dallas and one sister, Mrs. J. C. Thompson of Houston.

Older citizens here will remember Mrs. McClure as Miss Myrtle Smith. She was born and reared in Cameron but has been away from Milam county since her marriage.

Mrs. John Lott and daughter, Doris Nell visited Saturday afternoon in the home of Mrs. Lott's niece, Mrs. Mott Terry of Cameron.

Call Special Meeting To Discuss Remission Brazos River Counties

County Judge Jeff T. Kemp has called a meeting of the county judges, commissioners and interested tax payers of Milam, Brazos, Grimes, Washington, Waller, Robertson, Burleson, Austin, Brazoria and Fort Bend counties to be held at Hempstead Thursday, September 28.

The purpose of this meeting is to discuss necessary steps to be taken to see if something can be done to obtain justice for these ten counties under provisions of the new Tax Remission Bill which excludes these ten counties from receiving any remission from the general fund in the Brozas River Conservation and Reclamation program.

Judge Kemp said an effort would be made to find a way to obtain the proper remission for these counties and that the Attorney General would be asked to pass on the constitutionality of this law. Funds from these counties, it was claimed when the bill was passed excluding them from receiving any remittance, have already been allocated and they will receive no remittance until after the conservation and reclamation project is completed.

NEW CHEVROLET TO BE HERE OCTOBER 14

R. G. Grabein, local Chevrolet dealer advised today that he had just received a wire from C. B. Smith, Chevrolet's Manager, who is now in Detroit inspecting the 1940 models. Mr. Smith said the 1940 Chevrolet would provide many new features for the convenience of the motoring public, such as an entirely new treatment of auto styling, shockproof steering, and performance that will thrill everyone.

Mr. Smith further stated that Chevrolet would offer many new colors in the new line of cars this year, and an additional body style of a convertible coupe.

Mr. Grabein will hold the formal showing of the 1940 Chevrolet model Saturday, October 14 at which time he invites the public to inspect Chevrolet's complete line of passenger cars and trucks.

FRENCH BREAK THROUGH GERMAN DEFENSE WALL

French troops aided by artillery, planes and mechanized equipment were said today to have broken the Siegfried line near Saarbruecken.

This broadcast came at 12:30 and was received with considerable surprise as no major offensive was thought to be in progress by the French.

If subsequent army communications verify this broadcast, it is the most significant develoment of the war and indicates that the French general staff has decided upon major fighting and may have found a weak place in these German fortifications. No details of the battle were received but belief is expressed the French may have paid a costly price for this bold military venture.

Another significant development today came in diplomatic channels when it was reported Italy and Russia were working together for mutual assistance pacts with the Balkan countries, leading to the belief that Hitler is to get the double, double cross. It is believed, how-

There was a time

—when old fashioned heating methods blistered your face while your back shivered.

But now . . .

with natural gas service, winter can be just another pleasant, healthful season in the modern home.

A timely reminder

The tag end of summer warns that treacherous days of winter are on the way.

DO you remember the old days? Old-fashioned methods of heating . . . children wore heavy underwear and long stockings in order to keep warm . . . members of the family "huddled" in one or two rooms during cold weather . . . mother went shivering about the house with a shawl around her shoulders . . . someone was always "catching cold"—Remember? There is a direct relationship between your family's health during winter months and the way you heat your home. Sudden changes of temperature during the treacherous months of cold weather are dangerous. If you follow the old-fashioned practice of "huddling" in one or two rooms while the rest of the house remains unheated—YOU ARE TAKING CHANCES WITH YOUR FAMILY'S HEALTH. Plan now to have adequate heat and healthful temperatures in every room in the home this winter. It's the modern way to fight the "common cold."

The cold germ is responsible for more than two hundred million illnesses each year. Don't give a "common cold" an even break!

Yoemen Lose Heart Breaker to Caldwell When Lucas and McLerran Fumble on Goal Line Here

The Yoemen won and lost the game against Caldwell Friday night, strange as it may seem and although this may not be one for Ripley, it appears to be true nevertheless, when the game is surveyed from every angle.

Ever since the Yoemen began working on September 1, the belief has been well founded that the team is much better than first anticipated Since the game Friday night there is no doubt of the Yoemen making themselves a factor in the conference race this fall.

Late in the fourth quarter Pie Lucas sparkplug of the team, who had carried the ball incessantly fumbled on the Yoemen goal line and a Hornet recovered. From this advantage a touchdown was scored. Again a few minutes later after the Caldwell team had punted the ball down the field, Barney McLerran, half-back attempting to receive the pass back from Salach, Yoemen center, fumbled and again the ball was recovered by Caldwell leading to another touchdown.

The Yoemen led Caldwell 6 to 0 up to the fourth quarter with only five minutes left to play in that period. But for these unfortunate breaks, the Yoemen would have won the ball game.

This morning after the game there was no disposition on the part of the Cameron fans to think of the loss of the game. Everywhere the Yoemen have been accepted as superior to Caldwell and demonstrated throughout almost four quarters of the game that they are forging ahead with prospects to far exceed the team of 1938.

One of the outstanding developments of the past week including the play on Yoemen Field last night is the heartening fact that the team seems to be playing as a unit.

Early in the game Pie Lucas who paced the Yoemen offensive took the ball deep in his own territory and through a series of thrusts at the Caldwell line and around end marched for a touchdown. Salach failed to convert and the score stood Cameron 6 and Caldwell 0. The remainder of the game was largely punting and straight football play with the Yoemen having the advantage.

Passing was disappointing but the end play of Masopust and Kendall was encouraging to the coaching staff.

Guard play was not very impressive but on the whole the line gave a good account for the first game of the season.

There is no disappointment today over the result of the game. The law of averages in football play havoc with the best of teams and the Yoemen may be said to have lost a heartbreaker yet the team and the coaching staff have the satisfaction of knowing that they were superior for the night.

FIRE DESTROYS BARN AT NORTH ELM

Fire destroyed a barn on the farm of Ted McDonald at North Elm late Thursday afernoon. It was said the fire started from a spark from a tractor being used at the barn to grind feed.

The Cameron fire truck was called and through their systematic fire fighting with water from a large tank nearby they managed to save about 100 bushels of corn

Bob McCown left Cameron last week for Shreveport, La., where he is working with a compress company. Mr. McCown has for many years been employed with the Cameron Compress Company.

Former Sheriff Gets Letter From Old Guest In Milam Jail

An interesting letter which recalled memories of the "good old days" was received here Wednesday by Robert Todd, Milam county pioneer and one time sheriff of this county.

The letter came from Houston from John W. Gardner who reminded Mr. Tood that 42 years ago he was a prisoner in the Milam county jail arrested by Mr. Todd, who was sheriff at that time.

Old timers recall that Gardner was arrested for the shooting of Andy McMillan, at Ad Hall his rival for the hand of a certain young lady who later married a third party. Gardner was brought to trial and freed thus in some measure at least affirming the saying that "All is fair in love and war." McMillian though seriously wounded, recovered.

For past number of years he has been employed with a major corporation and wrote the letter to Mr. Todd asking him to verify his age.

ever, that there may be some confusion about this development and when the truth is known, it may reveal that Italy, Russia and Germany are collaborating in the Balkans.

However no mutual assistance pact would be necessary because France and England have no common border with the Balkans and would not under any circumstance attack these countries. It was described as a possible threat at Germany.

Despite a German announcement that Warsaw had fallen, the Poles still hold out and say they will fight to the last man.

The only hospital left in Warsaw was bombed today by German airplanes, it was said in a broadcast from Warsaw, and in addition to heavy casulties among patients, twenty nuns of the Catholic faith were killed.

The fourth district conference of the Methodist church was held at Cameron Tuesday evening, for the Marlin district, with Rev. C. W. Lokey, District Superintendent, presiding. There was a fine representation of the many churches in the district, and all pastors gave splendid reports, and all had advanced over the past year's work, which was very gratifying to the District Superintendent. Following the business session, Dr. Walter Anthony, pastor of the Austin Avenue Methodist church of Waco, brought a splendid gospel message. Dr. Anthony is an outstanding pastor in the Texas Methodist Conference, and his message was well received. Among the many pastors present from over the Marlin district was Rev. P. T. Ramsey of Rockdale, who formerly was pastor for the Methodist church here. This was the closing conference for the Marlin district prior to the Annual meeting of the Texas conference in November.

Bad Breath May Show You Need This Help!

Bad breath is sometimes due to bad teeth and often due to sluggish bowels.

It offends. And to neglect it may invite a host of constipation's other discomforts: headaches, biliousness, loss of appetite and energy. Don't let constipation slow you down. Take a little spicy, *all* vegetable BLACK-DRAUGHT tonight. In the morning there's an evacuation that's generally thorough. You feel fine again!

BLACK-DRAUGHT'S principal ingredient is an "intestinal tonic-laxative." It helps impart tone to lazy bowel muscles. Millions of packages used yearly!

Rockdale May Seek Municipal Light and Power Plant

Agitation for a municipally owned light and power plant in Rockdale may lead to early action on the part of the governement, it was learned here today by the Cameron Daily Herald.

During recent government encouragement many municipalities over the country sought to own their own power utilities. It was reported to the Daily Herald that some dissatisfaction has occurred in Rockdale over rates. Whether any definite official action will be taken as result of the movement now under way, will be determined by developments, it was said here today.

Now is the time to build and repair. Buy now and pay later on easy payments. Grant Lumber Co.

PYTHIANS TO HAVE BUSY SESSION TONIGHT

The Rank of Knight will be conferred upon a class of candidates at the regular meeting of the Knights of Pythias tonight.

Plans for an open house meeting to be held here on Oct. 19th, will be changed some what, therefore, it will be necessary for all Knights interested in this meeting to be present tonight.

Judge Graham Gillis will begin his series of educational lectures concerning the Ritual and principles of each of the three ranks of Pythianism for the benefit of the local lodge. His Subject for tonight will be "The Life and Service of Justice Henry Rathbone." All members of the Knights of Pythias lodge are urged to attend these lectures which will be both interesting and instructive.

Do your buying now before prices advance. Grant Lumber Company.

GRAVES WELL PRODUCING OIL BUT CLARKSON WELL IS NOW DRILLING

In Tuesday's issue of the Cameron Daily Herald it was reported that the well in the Clarkson community is producing 25 to 30 barrels of oil per day. This is erroneous.

Oil is being produced in a well on the Paul Graves farm near Sharp it was said today by Sam Hohenstein, veteran oil scout and producer. The well at Clarkson has recently been spudded in and therefore not producing any oil.

Gregg Whatley Named Band Mascot

Gregg Whatley, 5 year old son of Howard Whatley of the Cameron Hotel, has been elected mascot for the famous Yoe High School Band.

Gregg, who wears well a soft shock of red hair and laughing blue eyes, is popular with all classes of citizens. He was greatly thrilled on Thursday night when he was notified of his election for the year and wanted to rush out at once, get his uniform and start drilling. Dick Stedman, son of Mr. and Mrs. H. H. Stedman, was mascot last year.

Gergg's parents came to Cameron last year when Mr. Whatley leased the Cameron Hotel.

SCHOOL OFFICIAL HELPS PREPARE BUDGETS FOR MILAM COUNTY SCHOOLS

W. E. Driskill, deputy state superintendent of District 20, has been in Cameron for the past week working in conjunction with the office of the county superintendent in preparing applications for 39 of the schools in Milam county who wish to participate in the salary aid or equalization fund.

The 39 schools that have applied for salary aid, include the following accredited high schools: Thorndale, Milano, Buckholts, Gause, Sharp and San Gabriel. Cameron and Rockdale participate to the extent of high school tuition and transportation. This fund totals for this year the amount of $6,913,912, which includes salary aid, transportation and high school tuition.

Mr. Driskill said beginning Oct. 15, or thereabout he and a representative of the county superintendent's office would visit these 39 schools and determine whether or not they were qualified to participate in this fund and to what extent.

Budgets for these schools will be completed today and mailed to the various schools, Mr. Driskill said. Mr. Driskill's district comprises the following counties: Milam, Robertson, Madison, Walker, Grimes, Washington, Brazos and Burleson. His offices are at Sam Houston State Teachers' College and in Austin. He plans to leave Cameron on Friday.

SHARP FUTURE HOMEMAKERS

A very fine farm kitchen improvement was made this summer by Misses Mary and Annie Laffete as a Sharp High School Homemaking project.

The large northeast kitchen had no sink, only an old wall cabinet for cabinet space and the refrigerator stood in the large bath room adjoining. After planning carefully the improvements which they thought possible, the tall north window was shortened and a sink was placed under it. Modern built-in cabinets were placed in an L shape around the sink and refrigerator which was moved into the kitchen. Both kitchen and bathroom were repapered, all wood work and ceiling repainted, and a new linoleum rug purchased for the kitchen floor. The old cabinet was refinished and moved from the kitchen into one end of the bathroom, which the girls now have ready to divide into two rooms, making a smaller bathroom, and giving a pantry store room. The total cost, including paint, lumber, fixtures, rug, etc., cost approximately $40 and the entire family is proud of the newly convenient and attractive kitchen.

As a result of other projects carried out by Sharp Future Homemakers several pieces of furniture were made, and several refinished, a bed room improved, and one closet added. The following containers of food were preserved: 768 containers of vegetables, 629 containers of fruit, 96 containers of preserves and jelly, and 339 containers of sauerkraut and pickles. 97 meals were prepared; 45 garments were made, and 9 were renovated.

World War Vets Call for Change in American Neutrality Law; for Cash and Carry of Munitions

Veterans of Foreign Wars, some of whom are battle scarred, and all remembering vividly the late world conflict when they followed the flag in a foreign war, have indorsed change in the American neutrality law.

P. W. Davis, Commander of the local post of Veterans of Foreign Wars, announced Friday that the local post had voted its indorsement for a change in the neutrality law and telegrams have been sent to United States Senators Morris Sheppard and Tom Connally and Congressman W. R. Poage.

The vote came after a spirited discussion by members of Milam post and the principle of selling arms and munitions to belligerant countries on a cash and carry basis was indorsed.

The organization here is composed of men who have followed the American flag in time of war to foreign lands or in hostile waters. The decision was made after long consideration and discussion. Accordingly the Veterans instructed the Post Adjutant to send a copy of the following resolution to Representatives in Congress:

Resolved: "That the Ben Milam Post of the Veterans of Foreign Wars go on record as favoring a change in the Neutrality Law that will permit the sale of arms and munitions to belligerents on a cash and carry basis."

The local chapter Eastern Star will hold its regular meeting Tuesday night at the lodge hall with Mrs. Earl Burke, Worthy Matron, in charge. All members are urged to attend.

Mrs. Tom Holliman and children of Ardmore, Okla., and Mrs. T. W. Warren of Gatesville visited in the home of Mr. and Mrs. Harvey Radtke

Headache, Bad Breath Tell of More to Come

Just as Paul Revere's famous ride warned of the Redcoats' coming, so Nature's messengers — headaches, biliousness, bad breath—often warn of faulty elimination.

Neglecting these signs may cause a host of constipation's discomforts: sour stomach, belching; no appetite or energy; mental dullness.

It's so easy to wake up your lazy insides. Just take spicy, all vegetable BLACK-DRAUGHT. Its unusual help comes from its principal ingredient—an intestinal tonic-laxative which imparts tone to lazy bowel muscles.

Millions of packages used testify to BLACK-DRAUGHT'S merit. Try it.

Mrs. Katie Brock is Taken to Hospital For Epileptics

Mrs. Katie Brock, convicted by a jury in county court on lunacy charges and who had been in jail for several days, was removed on Thursday and taken to Abilene where she will be placed in a state institution for insane epileptics.

As Deputy Sheriffs Dan Gunn and Clarence McCall placed Mrs. Brock in the car outside the Milam county jail, she attacked the officers, scratching Deputy Gunn on the right wrist and kicking Deputy McCall in the head. Officers then handcuffed Mrs. Brock and tied her feet together to take her safely to Abilene. Deputy McCall drove the car to Abilene.

Sometime ago Mrs. Brock was discharged from a hospital where she had been under treatment for mental illness.

In 1938 she became a candidate for county treasurer but withdrew from the race before election day.

Rockdale Citizens in Protest Over Light And Power Bills Are Seeking Own Plant

The Cameron Daily Herald learned today that public sentiment in Rockdale for ownership of power and light utilities by the city had reached the stage of active speculation on plans to bring about these benefits to the city.

In conversation this morning with citizens from Rockdale and others who were in touch with developments, the Daily Herald learned that citizens were contemplating two avenues of approach to a solution of what many citizens in the community believed a necessary step to bring about better rate conditions.

The Daily Herald learned this morning that efforts would be made to get a distribution system from power lines of the Lower Colorado Authority. Lee county adjoining Rockdale on the south is included in the purchase of 17 counties from the Texas Power & Light Company.

Another possibility was said to involve a suggestion to the city government in Rockdale that steps be taken to finance a municipal plant, probably on the system of the Fairbanks-Mose plan with securities issued to be paid out of revenues of the plant. Another source of approach to the matter, it was learned by the Daily Herald, is enlistment of private capital for such a plant.

It was disclosed by three sources of information this morning that the sudden turn of events in Rockdale resulted from a considerable protest among citizens over increases in their power and light bills during recent weeks.

PRODUCING OIL WELL DRILLED AT CLARKSON

Perhaps in the near future Cameron will be on a boom if oil wells being drilled in various sections of the county prove to be productive.

Sam Hohenstein, Cameron oil man, reports there are four wells in the process of drilling at this time. The well at Marak was begun two weeks ago on the Joe Bartek place and at this time some 700 or 800 feet of the contracted 1600 feet have been reached.

There are two wells being drilled at Sharp, one on the Frank Graham place and another on the Paul Graves farm, now making 25 to 30 barrels per day. A well is being drilled in the Clarkson community. Mr. Hohenstein said it looked as though they might meet with some success this time in an attempt to find oil in this county. He said he was encouraged over the latest developments and felt that much new territory would be opened up in the county as a result of the present drilling contracts. He said it was expected that additional new wells would be begun shortly in the Sharp community.

John Foster and son Hubert of Houston were visitors here Wednesday afternoon.

STATE HIGHWAY DEPARTMENT

Austin

September 18, 1939.

Honorable Jeff T. Kemp

County Judge

Cameron, Texas

Dear Judge Kemp:

I am writing you concerning the status of U. S. Highway No. 190, between Cameron and Hearne. As you will recall, you appeared before the Highway Commission at its hearing last January, and made a very impressive plea for the construction of this highway.

Unfortunately, as you know, U. S. Highway No. 190, is not on the Federal Aid System, and, therefore, is not eligible for Federal Aid. This means that any construction project on U. S. Highway No. 190 must be financed entirely by the State Funds The State Highway Department has very little funds available after all of the Federal aid Funds are matched, which is the reason that the Department has not as yet been able to allot any state funds for the construction of a project on U. S. Highway No. 190 between Cameron and Hearne.

We know that the Commission is entirely aware of the need for the construction of a project on this section of U. S. Highway No. 190, and it is felt that whenever funds become available sufficient to warrant the prepartion of a program of State Aid projects, the Commission will be glad to give every consideration to the request for this project, which you so ably presented last January.

The Commission, of course, realizes that the Commissioners' Court of Milam County has provided the utmost co-operation on all right-of-way matters, and it is realized that this project has not in any way been delayed on account of right-of-way trouble. The whole cause, as stated above, has been due simply to the lack of state funds.

In conclusion, may I say that the Commission has not forgotten your request, nor has there been any delay in the matter which could have been overcome by you, by the Commission, or by anyone else. As stated above, it is unfortunate that no funds have been available for this project at any time since you presented your request. It is also well to repeat again that the Commission has filed your request in the future program file, so that it may be given due and proper consideration when the next program of State Aid Projects will be approved.

Sincerely yours,
JULIAN MONTGOMERY
State Highway Engineer.

The Texas State Highway Commission's next meeting will be held on October 20th, at the Baker Hotel, in Dallas. The Commissioners' Court will appear before them and press the claims of Highway 190 and want all interested parties to meet them at the Baker Hotel at 9 A. M.
